

Women' Public Links Golf Association of Southern California

TO: Members of Clubs Authorizing Internet Posting
RE: Procedures-Internet Posting - netPost

Your club has authorized Internet Posting for its members. The link for registration and for posting can be found on the Association Web Page on the Women's Golf Website.

NOTE: If you have already registered for netPost through another association, **do not register again.** Please contact your Handicap Chair or email Clare Ittner at clareibear@prodigy.net and we will add your WPLGA Club to your Personal Profile.

MEMBER PROFILE SET-UP

- Your member number and your name **as it appears on your monthly index card** are necessary to set up your profile.
- You will be asked to enter a password for posting on the internet. **Please make note of this password in a secure place.** The password is necessary to insure that you are the only one posting scores to your profile on the internet. **You will need it each time you post.** If you do not remember your password, you will probably have to go through the set up process again.

NOW

- Go to www.womensgolf.org
- On the top of that page, select WPLGA (Women's Public Links Golf Association) from the drop down menu. Click GO if necessary.
- When the page appears, you may first wish to bookmark this page for future access. Scroll down to **Internet Score Posting Log-In Page**, click on that link to set up your personal profile.
- Follow the directions and read all information on the set-up page.

WHEN YOU HAVE SET UP YOUR netPost PROFILE

- **BEFORE YOU DO ANYTHING ELSE**, view your **PERSONAL PROFILE** page. Click on **HELP at the top**.
- A window will appear with a very helpful page of instructions that you may want to print until you become more familiar with the services. Click on the **Print This Page** link in the upper left hand corner.
- The instructions clearly explain each feature. Please take the time to read these instructions.
- We are attempting to have **our email contact (clareibear@prodigy.net)** added to this page for changes to your club information. **If it has not been added, we ask that you contact our email for service.**
- If you mistakenly enter the wrong **course, score, date, ratings**, always contact clareibear@prodigy.net.

ADVICE ON THE USE OF netPost

- **ALWAYS REMEMBER TO POST WHERE YOU PLAY!**
- The USGA Handicap System, Section 5-2a states that posting scores in person **immediately following the round at the course where the round is played** is the *preferred way* to expose scores to peer review. **This method of posting must be used whenever possible.** *HOWEVER*, it may not always be possible because e.g., the pro shop is closed; the computer is down; power outage; emergency situations; no posting computer available at course, no IGN link on course computer, etc. **THESE ARE SITUATIONS for netPost!**
- Your Club Handicap Chair will most likely give you instructions regarding the posting of scores for your **club play days**. If you forget to post on a **club play day**, your HC may instruct you **not** to post those scores on the Internet. This could result in double posting as **HC's will be entering those scores at the course**.
- If you play **outside the Southern California area and there is no IGN link** for posting on that course computer **OR** the course is not in the So Cal list provided, you will need the date played, course, tees played and course and slope ratings for **WOMEN** for the tees you play. The women's ratings may be on the scorecard. If not, **ask** for the **WOMEN'S** ratings where you play. You may post these scores on netPost.
- **ALWAYS VERIFY THE DATA AFTER YOU ENTER THE SCORE and BEFORE YOU SUBMIT IT!**

For further assistance, contact your Handicap Chair or email Clare Ittner at clareibear@prodigy.net.

**Access to Internet Posting can be blocked for a club OR an individual
for misuse or for manipulation of the USGA Handicap System.**
